OBJECTIVE

An experienced data analyst with skills in Python, SQL, and data visualization. Passionate about extracting actionable insights from data and building data-driven solutions to solve real-world problems.

SKILLS

Languages & Querying	Python, SQL (PostgreSQL)
Data Visualization	Power BI, Matplotlib, Seaborn, Storytelling with Data
Analytics & Statistics	Statistics, EDA, Hypothesis Testing, NLP Basics
Tools & Databases	Pandas, NumPy, MySQL, MongoDB, Git, GitHub, VS Code

EXPERIENCE

Data Analytics Intern — SparkLab IT Solutions Pvt. Ltd. *June 2025 – July 2025*

- Performed exploratory data analysis on operational datasets using Python (Pandas, Matplotlib).
- Built data pipelines, generated visual reports, and provided actionable insights to stakeholders.
- Collaborated on data workflow debugging and optimizing in real-world development environments.

Data Analytics Virtual Internship — Deloitte Australia (Forage) *2026*

- Completed a job simulation involving data analysis and interpretation for a client scenario.
- Used Excel and dashboard tools to visualize business metrics and support decision-making.
- Developed a forensic technology report summarizing data findings and recommendations.

PROJECTS

E-Commerce Review Sentiment Analysis & Insight Engine [GitHub](#)

- Built an NLP pipeline using VADER (NLTK) to classify 10,000+ customer reviews (Positive/Neutral/Negative).
- Performed EDA and generated 8+ visualizations: rating trends, sentiment distribution, keyword analysis.
- Delivered actionable business insights that identify customer pain points and satisfaction drivers.

HealthRecipeAI (Recipe-Modifier) [GitHub](#)

- Developed a full-stack Flask + MongoDB web app with ML-powered recipe recommendations.
- Integrated Gemini API for AI-based ingredient analysis and personalized dietary suggestions.
- Enabled PDF report generation, user authentication, and USDA nutrition data lookup.

CERTIFICATIONS

- **Deloitte Australia Data Analytics Job Simulation** — Forage, 2026
- **Python for Data Science** — NPTEL 2026
- **SQL Skillup** — GeeksForGeeks 2026

EDUCATION

B.Tech in Computer Science *2022–2026*
Sant Gajanan Maharaj College of Engineering *First Class*

HSC *2021 – 2022*
Maharashtra State Board *65.17%*

SSC *2020 – 2021*
Maharashtra State Board *91%*

SUMMARY

Strong foundation in data analytics and full-stack development. Experienced in extracting insights from data using Python, SQL, and Power BI. Passionate about solving real-world problems through data-driven decision-making.
